

## *custom album & design*

*Capture the love and celebration exactly as it was. With each wedding package you'll receive professional, high-quality candid and styled shots. Our attention to detail will allow you to enjoy the day as it's happening while we document all the unique little details of your setting and celebration. The most spectacular photos from your wedding will be presented in a custom album that will not only provide a beautiful presentation, but also protect and preserve your treasured memories should you choose this option.*

## *engagement*

*Preserve your excitement and joy during this special time! With our unique engagement packages there's something for everyone. Whether you want your images in the studio or on location, we can deliver high-quality photos that express your personalities and capture the two of you looking your very best.*
